

Annex 1.

Possibilities offered for the Internship:

- Internship at one of the Companies already selected by the Master's Degree (Portfolio made available to students) following an *internal* selection/assignment procedure
- Internship at a Company proposed by the student and approved by the Internship Committee of the Master's Degree
- Internship at a Research Lab of the University of Milan, under the supervision of a professor of the Master's Degree
- Other opportunities to be checked from year to year, *e.g.* Internship at L'Oréal France following their recruitment process (online interviews with recruiters and hiring managers)
